BGCO TO GO

A DAY OF BGCO

AT HOME

10-12 Years Old

Wednesday

What is up?? It's ya boi V-Sauce coming at you again! I hope everyone is having an amazing week so far. I just wanted to reiterate how much I miss you guys! Life at the Club definitely isn't the same without all of you here. Though, there are some fun and crazy days to say the least! Yesterday, for example, Mr. Patrick and I encountered a monstrous snake that was living over by the dumpster (and when I say monstrous, I mean it was a two-foot garden snake). Patrick did his best impression of Steve Erwin and safely released it back into its natural habitat.

Personally, as you would expect, I'm doing spectacular! I'm almost done with college for the year, so I'm very eager for summer to arrive. Also, as I'm sure many of you have, I've used this time of social distancing to learn some new skills. I've taken up the piano and have already learned a whopping two songs! Don't worry, I won't forget about you when I'm rich and famous (unless you've made fun of my Fortnite dance moves in the past).

I cannot wait to see everyone of you! My desire is that it's sooner rather than later, but it will happen none the less! I'm counting down the days until we get to have fun just like good ole times. Keep spending time with your family, and remember that hope is very alive and well!

V-Sauce out.

Learning the Periodic Table!

Today we are going to learn about the periodic table. You will be able to learn about any of the 65 elements you would like from that table. We would love it if you would share three facts that you learned today and if you would look at one element and tell us what you found fascinating about that element.

We would love to hear from you, so feel free to send us an email with what you learned to pstewart@bgcozarks.org

Lip Sync Battle

Have you ever seen a lip sync battle? Well if not you should look them up. Here is one from Jimmy Fallon and Tom Cruise

https://www.youtube.com/watch?v=CW1_dUBzJV8

As you can see lip sync battles are a time where you can express yourself and have fun with whatever song you want. It can be a full song or it could be a 30 second long video. You can make it your own. We would love for you to make a video and send it to Mr. Patrick so that we could all see it at pstewart@bgcozarks.org you could even send it to your friends and challenge them to a lip sync battle.

Follow up questions:

Did you have fun with this?

Did anything surprise you?

Do you think your friends will do the battle with you?

MyFuture lets Boys & Girls Club members of all ages to use digital tools to learn, play and socialize, as part of the digital Club experience. Here, members like you can share media projects, participate in contest to win awesome prizes and earn badges to show what you've accomplished.

If you're a Boys & Girls Club member:

- To get started, create an account. Make sure you're selecting the Club you're a member of!
- Your staff member will approve your account. This help us make sure you're in a safe community.
- Log in to start completing activities, entering contests and earning badges!

HOUR OF CODE

<https://myfuture.net/programs/Computer-Science/Hour-of-Code/Try-an-Hour-of-Code>

Coding is cool, right? Yeah, we've all heard that, but why is coding important? Find some answers in the video What Most Schools Don't

Teach.

But isn't coding difficult? No. You — yes, you — can code for an hour,

starting right now.

Learn to program droids and create your own Star Wars game in a

galaxy far, far away.

<https://hourofcode.com/star-wars>

Spend an hour trying this cool game and let us know what you think!
